Room to gather, space to unwind, and built on your land.

Picture your family gathered in the Angelina's open family room, where 10'-6" ceilings and an easy flow into the kitchen and dining area make room for busy weeknights and long Sunday dinners. The kitchen keeps everyone close with a raised-bar island, 42" upper cabinets, and a walk-in pantry. On its own side of the home, the master suite is a quiet retreat with two closets, a dual-sink vanity, and a tile shower with a built-in seat. A study with glass French doors gives you a place to work from home, and two more bedrooms share a full bath nearby.

Best of all, the Angelina is built on your land and made to fit your life. Choose from four elevation styles, then customize the layout to fit your family's needs with options like a fourth bedroom, a guest suite, or an upstairs bonus room. With our EasyBuy℠ financing program, there's no construction loan and no interest during the build, and our team is with you from foundation to finish.
