The front entrance of the Refugio leads into a completely open space that includes the family room, kitchen, and dining area. The kitchen features an island with an eating bar and a walk-in pantry and is adjacent to the utility room. A short hallway from one side of the family room leads to the master suite with two walk-in closets in the bathroom. Two bedrooms and a full bathroom branch off from the opposite side of the family room to complete the split bedroom home design. Various customization options, like an attached garage, are available to make this home truly yours.
